## FOURTH OF JULY MEETING

LARGE GATHERING LAST NIGHT  
AT THE DRILL SHED.

Much Enthusiasm Manifested—An Executive Committee Appointed—Celebration to be Made a Notable One.

The first celebration of the Fourth of July in Hawaii under American sovereignty is to be made a memorable one. The meeting at the Drill shed last night to arrange for it was well attended. The general plan of celebration adopted at the meeting includes salutes in the morning, at noon and at night a grand parade, field sports, addresses and other literary exercises, and fire works and a ball in the evening. An executive committee was appointed with full power to provide for and carry out the celebration.

George W. Smith called the meeting to order and was made chairman. B. H. Wright was made secretary. W. O. Smith said that there were many reasons why the celebration this year should be made especially notable. The past year had been one of the greatest history making years in the century. It had been one of special importance to Hawaii. It was probably yet too early for anyone to fully realize the magnitude of the influence on the world's progress of the events of the past year. But in part, it could be discerned, and as affecting these is the opening of a new era could be clearly seen. Some of the results that it was plain had been hastened were the cable, a canal either across Panama or Nicaragua, and a wonderful increase of commerce on this ocean. Something of what that commerce would be might be gathered from the fact that Hongkong was already the third port in the world in amount of tonnage. From our position it was inevitable that Honolulu would play an important part in this progress. It was clear, as Lord Charles Bessford said when he was here, that though Honolulu might never become one of the world's great ports, it was destined to become one of the world's important ports. In view of the great events of the past year, pregnant with such great results to Hawaii, he hoped for an effort and enthusiasm that would make the celebration of the Fourth a great event.

George B. McClellan urged a strong literary program. Noise and fire crackers had their place, but the educational influence of strong addresses were a feature that ought not to be neglected. Joshua K. Brown said it gave him pleasure to find so much patriotic enthusiasm in Hawaii. He would do everything in his power for the success of the celebration.

Major C. J. McCarthy suggested that the celebration of two years ago which was a successful and satisfactory model, furnish a model. This met with approval and the suggestion was adopted. On motion of W. O. Smith, in view of the short time in which preparations were to be made, an executive committee to take charge was appointed. This committee consists of the following:

G. W. Smith, chairman; B. H. Wright, secretary; W. O. Smith, treasurer; J. A. Kennedy, C. J. McCarthy, W. E. Fisher, J. B. Atherton, J. W. Pratt, C. J. Falk, P. C. Jones, J. H. Soper, C. L. Crabbe, F. W. Hoogs, T. B. Murray, C. A. Graham, J. K. Brown, D. L. Naone, J. K. Kaulukou, W. C. Achi, Samuel Parker, J. W. Jones, George F. McLeod, W. R. Farrington, W. H. Hoogs, A. V. Gear, A. M. Brown, George Ashley, W. P. Boyd, Colonel W. H. Wood, Commissioner H. M. S. Wall, Commander Merry, Colonel Mills, J. H. Fisher, Theodore Hoffman, E. R. Stackable, J. E. Grossman.

This committee held a meeting immediately after the general meeting and arranged the following sub-committees:

Literary—W. R. Farrington, J. A. Kennedy, H. M. S. Wall, J. K. Brown, T. McCants Stewart, J. L. Kaulukou, F. L. Hoogs.  
Finance—W. O. Smith, T. F. Lansing, P. C. Jones, J. B. Atherton, Andrew Brown and J. H. Fisher.  
Ball—Dr. M. E. Grossman, W. P. Boyd, C. J. Falk, J. H. Soper, Will E. Fisher, Samuel Parker, C. A. Graham, B. H. Wright, W. C. Achi, Commander Merry.

Decorations—G. W. R. King, Theodore Hoffman, C. L. Crabbe.  
Parade—J. W. Jones, C. J. McCarthy, W. G. Ashley, C. L. Crabbe.  
Sports—C. J. McCarthy, D. L. Naone, W. H. Hoogs, T. B. Murray, C. L. Crabbe.

Salutes—Colonel Mills, George F. McLeod, C. J. McCarthy.  
The question of a supply of fireworks is an important one, as the time in which to get a supply from the Coast is so limited. J. A. Kennedy and C. A. Graham were appointed to investigate the local supply.

## MATAAFA YIELDS ARMS

SURRENDERS 1800 RIFLES TO THE BADGER.

Commissioners Tell Him They Have Power to Form a Government With or Without a King.

APIA (Samoa), May 31, via Auckland (N. Z.), June 6.—Malletta and Tammese have visited the members of the Samoan Commission on board the United States transport Badger, and Mataafa visited them the following day. Neither of them was recognized as king.

Mataafa blamed the Europeans for the trouble here. The Commissioners informed him that they had power to establish a government with or without a king. Mataafa thought the Samoans should have a king, but expressed his willingness to disarm his followers, and leave the matter in the hands of the Commission.

The Germans acted for the first time in many months with the representatives of the other powers and have officially sent a guard ashore.

The naval authorities and the mission societies have submitted their views to the Commission, and the latter, by proclamation, fixed May 27th as the date for the natives to surrender their arms. Mataafa, however, asked for an extension of the time until today, when he surrendered 1800 guns on board the Badger. The Mallettas are now disarmed.

The Queen's birthday was celebrated with great rejoicing, about 3000 men strong of the Malletta party attending the festivities at Mullinui in the presence of the British Consul and naval officers. The procession visited the graves of the British and Americans and then marched to the graves of the Germans who were slain in the battle of Fagali in 1879. The Americans fired a salute over the German graves.

The natives are gaining confidence, and are freely submitting their grievances to the Commission. The natives brought here from other islands at the time of the disturbances will be returned to their homes, and all the war ships will probably leave Samoa at an early date.

The Chief Justice, William L. Chambers, will continue the sittings of the Supreme Court. Dr. Wilhelm Solf, the newly arrived German president of the Municipal Council here, has not yet assumed his duties.

The Commissioners are reticent, but it is understood they are considering a reduction of the cost of administration as established by the Berlin treaty, and that the number of officials may be reduced.

The residents of Apia express dissatisfaction at the indications given by the Commission that the rebels will not be punished and that they will also be paid for arms illegally procured. They consider this a bad precedent, but it is admitted that this is too early to criticize the action of the Commissioners.

The American engineering staff has arrived here and will proceed to erect a naval jetty and coal stores at Pago Pago.

### THE SHERIDAN DELAYED.

SAN FRANCISCO, June 8.—The work of preparing the Sheridan for sea is progressing as rapidly as possible, but it will be some time before her boilers are ready for another test by the Government inspectors. Meanwhile the question of rechartering the City of Puebla, Zealandia and Valencia is still unsettled. Government officials attached to the quartermaster's department yesterday made a survey of the Valencia and took careful measure of her cargo carrying capacity. She may be engaged to carry supplies for the army of occupation in the Philippines.

### DEWEY LEAVES HONGKONG.

HONGKONG, June 6.—The United States cruiser Olympia, with Admiral Dewey on board, left here at 4 o'clock this afternoon. There was no demonstration.

While passing the cruiser Powerful, the band of the Olympia played the British national anthem and gave a bugle salute. There was no firing. The Powerful replied with a similar salute and her band played Hail Columbia. As the Olympia passed the Italian admiral's ship, the Olympia's band played the Italian national anthem and "ave an admiral's salute, which compliments were returned.

## MOKULELE'S CREW LOST

ALMOST CERTAIN CONFIRMATION OF THE REPORT.

Captain Tullet of the James Makee Says Active Inquiries Fail to Find Trace of Them.

What is almost certain confirmation of the report of the loss of five of the crew of the Mokulele, was brought by the James Makee this morning. Captain Tullet says that when he left Kapaa yesterday nothing had been heard of the men who left Hanalei in a skiff last Wednesday though active inquiries had been made all along the coast. One of the crew of the Mokulele who refused to go in the skiff waited to Kapaa and is waiting there. He told Captain Tullet that they were all ordered by the deputy sheriff to leave Hanalei because they had been drinking and were disorderly. Five of them including Captain Joe Irving, started out in a skiff. They wanted him to go but he refused, thinking it was unsafe. He says all five were greatly under the influence of liquor and one of them was so drunk he had to be carried to the boat.

Captain Tullet says a strong wind came up soon after the party started out and it is almost certain their skiff capsized. Word was received from Kalalau that they had not arrived there. Inquiries all along the coast fail to find any trace of them. The general belief at Hanalei and Kapaa is that the men are drowned.

### LILUOKALANI NOT DEAD.

Ex-queen Liluokalani writes to J. O. Carter under date of June 3, stating she is well. As this is two days after her reported death, the story brought by passengers of the Miowena from Victoria was of course a canard. Liluokalani will spend the summer in Washington. She reports in her letter that the other members of her party are in good health.

### GERMANY BUYS ISLANDS.

BERLIN, June 6.—The Minister of Foreign Affairs, Baron von Buelow, in the Reichstag today made a statement on the subject of the German-Spanish treaty for the cession of the Caroline, Line and Pelew Islands. He said that in order to round off the German possessions in the Pacific and in view of German commercial interests which had long existed in the Caroline Islands, "we considered it our duty to take care of this group, so that in the event of a change in ownership it should not be lost to Germany."

Germany pays \$5,000,000 for the islands.

### KAUAI LAND CASE.

Judge Perry today signed a decision on defendant's demurrer in the case of Makee Sugar Company vs. Tuck Chew, specific performance. It occurs in the court that complainant is entitled to the specific performance of the argument to modify the lease, and the demurrer is accordingly overruled. Kinney, Ballou & McLanahan for complainant; Robertson and Creighton for defendant.

### THE NIPPON MARU.

Up to 2:30 this afternoon H. Hackfeld & Company had heard nothing concerning the Nippon Maru. Their assumption is that the vessel sailed from Yokohama on time in which case her delay is one purely of conjecture. It may be that sickness appeared on board and she sailed direct for San Francisco. There is nothing in any of the papers concerning the missing liner.

### HIS SUCCESSOR.

M. Moet who has been attached to the French Consulate at New York, takes the place of the late M. Pollio, M. Moet is related to the head of the great champagne firm of Moet and Chandon.

### MORE OF THEM USED.

There are probably more Singer sewing machines used in the United States than of any other one make. This is a very excellent guarantee that they are one of the very best machines. The points of merit are strength, durability, easy running and simple construction. Very little mechanism to get out of order makes repair bills small. When in need of a new sewing machine examine the Singer before purchasing any other make. B. Bergstrom, agent, Bethel street.

## NEW TRIAL FOR DREYFUS

ESTERHAZY CONFESSES HE WROTE THE BORDEREAU.

President Loubet Assaulted and Insulted on the Race Track—Anna Gould Leads Anti-Dreyfusards.

LONDON, June 3.—The Chronicle says that Major Count Esterhazy called at its office last (Friday) evening with a friend, and, after declaring that the time had arrived when the whole truth should be told, although hitherto, by reason of constant orders and inducements, he had kept silent on the essential point, made the following statement:

"The chiefs of the army have disgracefully abandoned me. My cup is full, and I shall speak out. Yes (raising his voice and glancing around), it was I who wrote the bordereau. I wrote it upon orders received from Sandherr."

Esterhazy, the Chronicle says, then proceeded to explain that for months before 1893 moral proofs had been obtained of leakages which were only possible through officers belonging to the Ministry of War, and it was necessary to catch the guilty party by material evidence. Hence the bordereau.

NEW YORK, June 2.—A cable to the Sun from Paris says: The correspondent of the Sun is informed from a sure source that, contrary to various announcements that are current here tonight, the deliberations of the Court of Cassation in the Dreyfus case have ended. The decree will be pronounced before 2 o'clock.

The court quashes the sentence passed on Dreyfus in 1894. The principle of the reporter's commendations has been accepted and tomorrow's order will call for Dreyfus' retrial by a new court-martial. The court will fix the place for the holding of the court-martial.

### FORT DE FRANCE, June 6.—Dreyfus

was informed yesterday that a new trial had been granted. He was overjoyed.

PARIS, June 7.—Mme. Dreyfus has received the following telegram from her husband:

### ZEALANDIA RELEASED.

SAN FRANCISCO, June 8.—The anxious waiting of the Oceanic and Occidental and Oriental Steamship Companies is at an end. In a short while the two companies will have returned to them by the Government two transports. The vessels in question are the City of Puebla and the Zealandia. The fate of these two transports has been hanging in the balance for the past ten days, and the companies believed the Government would still retain them. In a short time the vessels will again be ready for their regular runs with their respective lines. Yesterday Lieutenant Colonel Long, the depot quartermaster, received instructions from the War Department to discharge both transports. Majors J. M. Thompson and Hugh J. Jallagher and First Lieutenant John P. Hains have been appointed a board of survey to act with the owners of the two ships in connection with the removal from the transports of all property of the United States that the Government has placed upon these transports as fittings. The board will see that the vessels are in the same condition as when chartered before turning them over to their companies.

## IS COMMITTED FOR TRIAL

JAPANESE SLASHER IN POLICE COURT.

Strong Evidence Against Him—Man Claims That Woman Stabbed Him. Story not Credited by the Court.

Genji, the Japanese who cut the throat of Fujiro on Tuesday night, was today committed by Judge Wilcox to the August term of the Circuit court on the charge of assault with a dangerous weapon, with intent to commit murder. Defendant was arraigned in the Police court this morning. Marshal Brown and Deputy Marshal Hitchcock appeared for the Government; defendant in person. Plea of not guilty.

Toyo, a woman, was the first witness. She was in the next room when the cutting took place, saw blood and saw the arrest of defendant outside.

Kojima, merchant on Smith street, saw woman and defendant run out of the house. Woman was bleeding from slash in the neck. Defendant was holding on to her. He had a bloody knife in his hand and was apparently trying to cut the woman again.

Kiguchi, a bookkeeper, saw the two people in the street after the cutting. Tanaka testified to knowing both man and woman. After cutting defendant, old witness said that (defendant) cut the woman's throat and stabbed himself.

Genji, the defendant, next took the stand in his own behalf. He told a long story of family quarrel leading up to the assault and then a deed.

"I reached the house about 10 o'clock at night. We were alone in the room. I asked her to listen to me. She said he would come back home with me, but at the same time took a knife from under the pillow and stabbed me in the stomach. She then ran outside. Whether she cut her own throat or somebody did it, I do not know. I followed after and found her throat cut."

On cross-examination the defendant said he had no
